

Request for Information – Feedback Summary Sheet

Request made by:	Gillian Leaver	Responses to be sent back to:	Jane Adderley
Date request made:	11/03/2019	Date sent out:	12/03/2019
Details of Request:	What Active Compression System (e.g. Arjo flowtron pumps) do other units use and how would they evaluate the company, pump and disposables.		
No.	Response Received From:	Details of Response:	
1	Maria Daynes Band 7 Sister. Oldham ICU	Using Flotron from medical equipment library or EBME as needed. EBME deal with the company.	
2	DEBBIE MURPHY, Sister/SIL Critical Care Dept, Aintree University Hospital Debbie.Murphy@aintree.nhs.uk	At Aintree we use Arjo Compression system and have no major issues apart from staff throwing the orange connecting leads away .	
3	Amanda Griffiths ITU Sister CMCCN Service Improvement Lead Royal Liverpool University Hospital	We use the Aircast Venaflo Elite devices at the Royal Liverpool. Don't seem to have any problems with them.	
4	Linda Brennand, Clinical Educator Airedale NHS Foundation Trust linda.brennand@anhst.nhs.uk	Use Flowtron boots	
5	Cristina Diaz Cid Robbie Practice Educator Intensive Care Macclesfield Hospital	Happy with our flowtron machines, all positive.	
6	Mel Pinnington Clinical Educator CRITICAL CARE	Arjo huntleigh at southport - good initial training our pumps are getting on a bit now so need a bit of TLC but easy to use garments are nice and soft and they encourage you to turn them round if patient emaciated to	

Please complete and return this form to karen.berry@cmft.nhs.uk 12 weeks following request for information.

		protect bony shins which is useful.
7	Bev Hobson Critical Care Manchester Spire Manchester Hospital beverley.hobson@spirehealthcare.com	We transitioned from covidien to arjo this year. We have had no issues with the pumps and they delivered appropriate training. We have had no issues with the pumps.
