

Request for Information – Feedback Summary Sheet

Request made by:	Karen Cotton	Responses to be sent back to:	Maureen Kermack
Date request made:	12/03/2019	Date sent out:	12/03/2019
Details of Request:	Are there any non-cardiac units using PA catheters for CO monitoring?"		
No.	Response Received From:	Details of Response:	
1	<p>Dr John Glen MBChB, BSc(Hons), MRCP, FRCA, FFICM, DRTM(RCSEd), PGCME</p> <p>Consultant in Anaesthesia and Intensive Care Medicine Glan Clwyd Hospital, North Wales</p> <p>Consultant and Clinical Lead, Helimed 61 Air Ambulance Emergency Medical Retrieval and Transfer Service, Cymru</p> <p>Honorary Senior Lecturer, School of Healthcare Science University of Bangor</p> <p>     </p> <p>Tel: 07968980925 Email: John.Glen@wales.nhs.uk Twitter: @skyver3000</p>	<p>I work in a DGH ICU, 11 beds, we do have cardiology/PCI/IABP, but we do not use PA catheters, and don't even have any in stock. We do bedside echo, LidCo and PICCO.</p>	
2	<p>Dr Chris Littler Consultant Anaesthetist & Intensivist Specialty Clinical Lead Anaesthetics (East) Wrexham Maelor Hospital Wrexham</p>	<p>Sadly No, we haven't used one for several years and no longer keep any in stock.</p>	
3	<p>Dr. Brian Tehan MSc FCAI, MFLM Medical Director for Quality and Transformation Cyfarwyddwr Meddygol Ansawdd a Thrawsnewid Health Foundation Fellow</p>	<p>In Glan Clwyd, a medium sized DGH, with a cath lab for North Wales; we are not using thermodilution catheters at present. Indeed, its many years since we did.</p>	
4	<p>Andy Foulkes Glan Clwyd BCUHB</p>	<p>If we've got any around they'll be in our museum rather than a stock cupboard.</p>	
5	<p>George Bugelli BCUHB</p>	<p>I have not put in a PA catheter for years and I believe my colleagues would have a very similar experience.</p>	

Please complete and return this form to Karen.berry@cmft.nhs.uk 12 weeks following request for information.

6	Dr Sam Sandow Deputy Site Medical Director	Not used in Wrexham (except occasionally inserted by Cardiac organ retrieval teams in DBD donors)
7	Sarah Charlesworth Senior Sister Critical Care University Hospitals of Derby and Burton NHS Foundation Trust: Burton Hospital	We are a general critical care unit and we stopped using PA catheters at least 12-15 years ago when we started using the OD/PiCCO. Now we don't use those very often either!
8	Adam Riedlinger Practice Development Nurse - Liver Intensive Therapy Unit Nurse Lead - South London Adult Critical Care Operational Delivery Network Tutor Practitioner - Hepatology - King's College London	We use them fairly frequently on the ICUs at King's (particularly the Liver ICU).
9	Annie Joseph Critical Care Nurse Educator Princess Alexandra Hospital Harlow Essex	We do not use PA catheters at PAH, Harlow.
10	Dee Hannis Lead Clinical Facilitator Critical Care	We use Basildon CTC, they ferry equipment over in taxi!
11	Melanie Price Operational Services Manager for Critical Care & Outreach Hampshire Hospitals NHS Foundation Trust	No.
12	Anne Williams East Cheshire NHS Trust	Here at Macclesfield we do not use PA catheters.

	01625 663490	In the past we used oesophageal doppler but we now use LiDCOrapid.
13	Sharon Parkinson & Claire Irwin Quil Nurses CRCU Royal Preston Hospital	For cardiac output monitoring we use the lithium based Lidco monitoring via a CVC line
14	Amanda Griffiths ITU sister CMCCN Service Improvement Lead	We don't use PA catheters at all anymore at the Royal Liverpool critical care.
15	Linda Brennand, Clinical Educator Airedale NHS Foundation Trust	We use the EV1000 for cardiac output monitoring
16	Alison Barnes Sister & Local Service Improvement Lead for CMCCN Critical Care Unit Wirral University Trust Hospitals	We are a DGH. We don't use PA catheters at all. We haven't done for many, many years now.
17	Yvonne Helm Critical Care Senior Sister Clinical Co-ordinator Procurement Lead Quality Improvement Lead East Lancashire Hospitals NHS Trust	We have not used PA Catheters for a number of years now; the Edwards Volume View is our equipment of choice.
18	Michelle Clinical Leader ITU Royal Lancaster Infirmary	I work in an non cardiac ITU and we use LIDCO for our Cardiac output monitoring
19	Mary Sunderland Clinical Nurse Manager NICU John Radcliffe Hospital	NICU do not use PA catheters.
20	Jane Adderley Advanced Nurse Practitioner, Department of Critical Care Milton Keynes Hospital	That's an easy one, no we don't.

21	Vikki Crickmore Intensive Care Unit St Marys Hospital Newport Isle of Wight	We are a small 6 bedded general ICU and no we don't use them and haven't for many years
22	Felicity Chapman	We use the Edwards Vigileo/EV1000 system in Ipswich
23	Joanne Learney Professional Development Nurse Critical Care Services West Suffolk MHS Foundation Trust	We do not use PA catheters at West Suffolk.
24	Cathy O'Brien Bedford Hospital	No PA catheters used in Bedford. We currently use LIDCO on CCC and are exploring ICON as the on-going costs of Lidco cards are high.
25	Sister Maria Daynes Band 7	We don't use them anymore at Oldham Intensive Care Unit,
26	Janine Jarman Critical Care Educator, Critical Care Peterborough City Hospital	We don't use PA catheters, it's Lidco at Peterborough and Hinchingsbrooke
27	Sarah Entwistle Practice Development Nurse Critical Care Watford General Hospital	We don't use PA catheters in Watford.
28	Julie Allen Critical Care Practice Development Nurse Ext/Bleep 2123 The Queen Elizabeth Hospital	We use LiDCO.
